The Instrumentality attempts to revive old
cultures and languages in a process known
as the Rediscovery of Man. This
rediscovery can be seen as the initial
period when humankind emerges from a
mundane utopia and the nonhuman
Underpeople gain freedom from slavery.

The Rediscovery of Man by Cordwainer Smith - Goodreads

Indeed, many of the stories in The Rediscovery of Man —which collects virtually all of Smith's shorter science fiction in a volume of almost 700 pages—are pushed ahead by events that happen inside people's heads. In several stories, he develops the concept of characters who don't exist in their own right, but are the projection of
